## THE CCTV USER GROUP & NASCAM ANNUAL CONFERENCE 2018

[www.cctvusergroup.com/events](http://www.cctvusergroup.com/events)

1

### Keynote Presentations

Keynote presentations including Tony Porter the Surveillance Camera Commissioner with news of the Buyers Toolkit & Monitoring Centre Standards. Senior staff from the ICO together with an eminent UK cyber security specialist. And lastly, we hope to be able to bring you discussions from academia and futurology to do some horizon scanning to look into the future of CCTV

2

### Exhibitions & Demos

You will be able to meet with our Corporate Business Partners during the event to review their products, watch them in operation and to discuss your potential requirements.

3

### Workshop Sessions

Group workshop sessions to discuss current issues affecting CCTV across the UK and to assist Members to solve their challenges. A discussion on the implementation of Cyber Security measures and GDPR together with "relationship development" to grow your service income.

The CCTV User Group website contains all the information about this event together with various delegate booking options. You can make a reservation and pay online or, select the "Manual payment" option at the checkout stage to receive a booking confirmation by email so you can raise a Purchase Order for payment. Exhibitors: please contact us directly to make a reservation.
